

Business Plan Accelerator Program

Complete Your Business Plan in Just Four Class Sessions

Learn About

- Putting Your Ideas into Words
- Forecasting Sales and Expenses
- How to Reach Your Target Market
- Building a Team
- Using Your Plan to Manage Business

This innovative Business Plan Accelerator Course is the only one in the area providing participants with the support and software needed to successfully complete a business plan and be ready to pitch their business idea to lenders.

Three Months of Free Software Access

Class participants receive three months of free LivePlan© software created by Palo Alto Software, Inc. This strategic partnership between Southern University At New Orleans Small Business Development & Management Institute and Palo Alto Software provides the support and expertise in a step-by-step process, making completing a business plan a breeze for the students.

Business Plan Accelerator (BPA) Instructors and Advisor

Omar Aziz, BPA Instructor & Advisor, will provide LivePlan guided instructions and one-on-one advising to review participant progress. Contact Omar Aziz, BPA Instructor /Advisor, omar@livePlan.com/ICDC.

This business plan class is held every Wednesday for four weeks of lab work, plus a fifth session for plan presentation during an BPA Investor online presentation.
